

# THE ADVENTURES OF RAYNER™

SETA

# THE STORY

In a one room schoolhouse on the banks of the Mississippi river, a boy is daydreaming in class.

This little adventurer is Tom Sawyer, the star of the game. Tom's weekend exploits with his friend Huckleberry are world-famous.

Even today as he naps, he's dreaming of a super adventure down the Mississippi river on his log raft. As he sleeps, he

begins the adventure by running through an abandoned pirate ship. After defeating the pirates and octopus monster, Tom reaches the river. Every step of his journey is filled with danger. Evil ultimate enemies and their helpers try to prevent

Tom from reaching his goal—saving Becky Thatcher. Can Tom defeat the greatest enemy Injun Joe and save Becky? Their fate is in your hands!

## BEFORE...

# YOU START YOUR JOURNEY

- You will begin the game with 3 Toms. After three defeats, Tom will wake up from his dream in the classroom.

- For every 20 T signs you collect, you will receive an extra Tom. If you collect a Skull sign, 10 T signs will be lost.

- Normally, Tom will throw rocks at his enemies, but if a slingshot sign is collected, Tom will be able to

shoot rocks further and faster. But remember, there will be situations where it's easier to get through without the slingshot.

- Pick up a Heart sign and Tom will be invincible for a while.

- The Red Balloon and Pelican characters are on Tom's side.

- Player B is Tom's buddy Huckleberry.
